

Blank Children's Foster Care Clinic

An Innovative Community Approach
Accessible, Convenient, Coordinated, Effective

Child in Foster Care and Caregivers

The new Blank Children's Foster Care Clinic puts the child and caregiver at the center of everything we do. We offer both medical and mental health care to make sure all the needs of the child are met. Having these services in one location makes it easy and convenient for families. Our pediatric experts have an understanding of the child welfare system and work with families and child welfare agencies to ensure children in foster care receive the best possible care.
