Kids Fest 2010

Three fun filled days of parents seeing what services are available in their community while playing with their children.

Hundreds of Volunteers, art to spin, games to play & faces to paint and all the in the name of keeping kids safe.

Judge Carol S. Egly

This is the best way I have seen to positively engage a parent. It has been apparent to me in a number of situations that the negative response of the parent to DHS and Court actions could thwart their opportunity to reunite with their child. The Parent Partner contact with the parent changes that dynamic. I know I have seen successful reunifications that would not have happened but for the parent partner's successful interaction with the parent.

Never run out of Goals!!!

Breaking down walls –One family at a time

With all of the hard work that our Shared Decision Making Team does, that is what we continue to do. The more committed we are to serving the Community the more the Community believes we are committed.

Making a Difference

An Old Man walked up a shore littered with thousands of starfish, beached and dying after a storm, A young man was picking them up

And flinging them back into the ocean.

"Why do you bother?" the old man scoffed.

"You're not saving enough to make a difference".

The young man picked up another starfish and sent it spinning back to the water.

"Made a difference to that one." he said.

You make a difference, every day.
